

Job Opportunity and Company Verification Disclaimer

Mount Aloysius College

Mount Aloysius College and related offices work hard to validate the legitimacy of employers and job opportunities that are posted to Handshake and otherwise emailed to or shared with students. However, due to the volume of job postings received, Career Development is unable to fully research the legitimacy and validity of each organization or person that posts a job/internship opportunity.

Career Development and related offices make no guarantee about positions listed and are not responsible for the content of information within these posts nor for the conduct of any person or organization creating these posts. This includes safety, wages, working conditions, and/or other aspects of employment. It is the responsibility of each individual student to research the organization(s) to which they are applying and verify the information pertaining to the job posting. We encourage visiting the employer's website, researching the legitimacy of recruiters and employees, and checking that companies are using a domain email address before applying. Job seekers should exercise due diligence and use common sense and caution when applying for or accepting any position. Remember, if it seems too good to be true, there's a good chance it is.

For your privacy and protection when applying to an online job posting, it is advisable that you do not give your social security number to a prospective employer, provide credit card or bank account information, give out personal passwords, or perform any sort of monetary transaction.

All questions, concerns, and issues related to job and/or internship opportunities posted on Handshake or sent via email from Mount Aloysius College should be addressed promptly by contacting Career Development via email at careerdevelopment@mtaloy.edu or by phone at (814) 886-6387.
